Online Education

1. Does all programs/courses were completed on time.	Yes
2. Measures taken to complete the syllabus of courses and programs.	<p>The academic year 2020-21, spanning the months of July 2020 till almost May 2021 has been a learning experience for all the members in college due to the unforeseen and unprecedented situation created by the Covid Pandemic. Online content delivery and teaching methods were rigorously tested on multiple fronts - technical, academic, and relational - through the novel methods of assessment designed by the faculty. The online teaching/learning platforms were procured and optimised through subscribing to ZOOM and Google Meet, while the Google Classroom by G-Suite for Education, was implemented as a standard Learning Management System (LMS), which streamlined the delivery of academic material and the assignments through effective use of the Drive, the recording facility, forms, assignments and plagiarism checks in one central location for each faculty member.</p> <p>As the number of teaching days in the academic year required fulfilment, the beginning of the semester and the end dates were modified after taking into consideration the Government Regulation from the Government of Maharashtra on Covid Safety protocol and norms. Online teaching commenced on 15th of July, 2020. The stipulated 90 days of teaching were met with by shortening the Diwali vacation and extending the Odd Semester till the 4th of December 2020. This was followed by the conduct of online theory and practical examinations till the 18th of December 2020. Several of the faculty members continued to conduct online teaching during the winter break, especially for the post-graduate courses for continuity, and syllabus coverage, and compensation of educational loss if any. The even semester commenced on the 4th of January 2021 and extended till the 30th of April 2021, followed by the conducting of online theory and practical examinations till the 17th of May 2021.</p> <p>As a matter of policy, all course teachers were instructed to cover the mandatory syllabus for every course. Practical aspects of all courses were taught or discussed through the use of curated online videos, Google jamboards for creative interactions, as well as on-camera demonstrations of various laboratory techniques, with all due safety measures being taught as well. Virtual field visits were conducted for courses which have a fieldwork component. Peer to peer engagement, one of the primary concerns in the online scenario, was facilitated through the use of breakout room facilities available on Zoom. The understanding of the learner was assessed through quizzes and a variety of other creative internal assessments. Through judicious time management, our faculty have achieved comprehensive syllabus coverage, with little to no loss of learning, as evident from the steady graph of students' scores.</p> <p>In keeping with a well-established tradition of ethics, compassion, and inclusion, during the pandemic, all teaching, mentoring, and tutoring sessions were recorded and made available to students who were unable to join the online sessions for various reasons. On a variety of online platforms, inclusive teaching practices were used to ensure the best possible outreach to learners with challenges. This was in keeping with the mandate from the Government as well.</p>
3. The period of delay in completion of syllabus (in months).	0
4. The period of delay in conducting exams (in months).	0
